2. Barriers to future attainment (for pupils eligible for PP (Pupil Premium), including high ability)

In-school barriers (issues to be addressed in school, such as poor oral language skills)

A.	Oral language skills in Nursery & Reception are lower for pupils eligible for PP than other groups. This slows reading and writing progress in subsequent years
B.	A number of pupils eligible for PP have multi - complex needs and this impacts on their progress
C.	A marked gap in lower years between pupils eligible for PP and the rest of the cohort
D.	Social and emotional issues affecting learning behaviours that support independent learning and promote resilience

External barriers (issues which also require action outside school, such as low attendance rates)

E.	Attendance rates for `disadvantaged` pupils for the academic year 2018/2019 was 94.6% was improved from 92.34% but was still lower than all other pupils (96.6% school and 94.2% national). Our target for all pupils is 96%. Low attendance and late arrival impacts on their learning by reducing their school hours and therefore causing them to fall behind their peers. Attendance 2019/2020 prior to lockdown for `disadvantaged` pupils was 95.2%.
