

Maths

Multiplication and division, measurement- area and perimeter, fractions, decimals. Reinforcement of mental strategies for all number operations and investigations and problem solving.

Computing

We will continue to practice 'E' Safety - keeping safe when using the internet, as well as the using the internet for research. We will use online coding programs to develop greater understanding of computer systems.

English

Myths and legends, imaginative recounts, stories from other cultures. Information texts, report writing, instructions, alongside weekly comprehension, handwriting, spelling, punctuation and grammar tasks.

ART/DT

We will be observing classical Greek art and sculpture and take inspiration to design our own patterned vase and theatrical mask.

SCIENCE

Sound- we will try to understand how sound is made and how it travels through different spaces and materials, as well as understanding how we interpret sounds, including different pitch, volume and distance. The Human Digestive System- we will learn the basic organs and their functions in the digestive system. We have an exciting (and messy!) investigation where we replicate the human digestive system with everyday objects!

RE

Firstly, we will explore different pilgrimages taken by the different faiths, followed by a study of Christianity.

Year 4 Creative Planning: Greece is the Word Gut Instincts

GEOGRAPHY

During our study of the ancient Greek empire, we will use atlases to understand the spread of the empire and compare modern day countries which were under Greek control.

PE

Children will take part in a variety of invasion and team games, whilst continuing learning different skills for games and sportsmanship.

MUSIC

We will be following our Charanga music scheme, where we will investigate the genre of rap, and gospel through Bill Withers' 'Lean on Me'.

HISTORY

'Greece is the Word!' will look at the Greek civilisation, including their religious beliefs, culture and arts, and the spread of their Empire. We will also understand how the Greeks developed the idea of democracy, a vital and important political system we still use today.
