

### Maths

This term we will be securing multiplication and division, comparing lengths, volume and capacity, angles and shape. We will also be exploring calculation strategies to consolidate learning.

### Computing

We will be revisiting as coding and using technology purposefully. Computer safety is also important in these unusual times so we will be recapping e-safety too. We will also continue to develop word processing skills and use of computer programs, including Microsoft Word.

### ART/DT

This term we will be linking art to our history topic and create our own hieroglyphs. In the second half of the term we will be studying the art of Picasso and using his influence to create our own pieces.

### English

Learning and using features identified in reading, including adventure stories, Biographies, Reports and letter writing. This term we will also be using Bug Club to improve children's comprehension skills.

## Year 3 Creative Planning:

### GEOGRAPHY

We will be learning about The UK, its major cities and rivers and where they are located.

### SCIENCE

We will be comparing animals and humans, through studying muscles and skeletons, nutrition, and other physiological systems.

### PE

At home the children will be able to continue to develop their sporting skills and fitness by using Joe Wickes online and Cosmic Yoga for kids.

### MUSIC

In Music, the children will explore sounds and duration through their singing as well as learning to play the percussion instruments through accessing Charanga Yumu online.

### HISTORY

We will begin a study in to Ancient Egypt and we will be focusing on their way of life, beliefs and other key aspects from the time.
