

COMPUTING

Practice your computer skills such as mouse control and using a keyboard with different programs. Practice using a digital camera and torches.

MUSIC

Sing songs about animals and rhymes. Play with instruments and have some games with instruments.

READING

Read animal stories to them and answer questions. Encourage them to role-play stories with puppets and dressing up. Share a range of fiction and non-fiction books about animals.

MATHS

Children to sing number rhymes and number games. Order, read and write some numbers to 10. Practice matching a number to the correct quantity. Naming and describing some 2D and 3D shapes.

SCIENCE

Discuss what animals their favorite and what they look like. Also what they do, what they eat, their habitats, how they differ and how animals grow. Bake some biscuits and learn about how the ingredients change when all mixed together and baked.

ENGLISH

Play different sound games. Sing phonic songs and learn how to recognize and write their own names. Learn the correct way to hold a pencil. Draw their favourite animals. Encourage your child to write using clipboards, chalkboards, whiteboards and stencils. They should also be encouraged to do different mark making in the sand and other malleable materials.

ART/DT

Children will use a variety of media to create art. Make props to help with our role play of animals in the zoo. For example make animal masks. Make animals with the junk modeling, plasticine, and using collage materials.

Creative Planning: Animals

RE

Discuss the Muslim festival of Eid in June with your child.

GEOGRAPHY

Discuss how we travel from home to school and to other places. Discuss about different habitats of different animals. Where do polar bears etc live? Do they live far? Show them the map. What keeps them warm?

PE

Children will develop motor skills and control through a range of games, gymnastic and dancing

HISTORY

Discuss what they did in the past whilst being at home during the lockdown period for example last week.
