## Subject: Reading

### Intent

At Highfield, we believe that the teaching of reading is integral to a child's understanding and appreciation of the world around them; a platform that allows our children to see beyond what they know, share in cultural experiences and develop the vocabulary they need to effectively express themselves.

Therefore, through the curriculum, we are committed to fostering a lifelong love of reading for all of our children as well as developing and nurturing their word reading and comprehension skills.

Our curriculum is delivered through the components of: synthetic phonics, a linked approach to shared and guided reading, independent reading, home reading, reading across the curriculum and quality texts read aloud daily. All of these are essential elements needed to develop fluent, enthusiastic and critical readers.
